

GENERAL DOORS CORPORATION

THE **HAMPSHIRE** SERIES

Model 175
1 3/4" thick, R-16

Distinctive Residential Insulated Steel Garage Doors

General Doors has captured the timeless elegance of a raised panel door and combined it with the durability, security and low maintenance of steel.

Compare our Hampshire model to any other steel door...the superior quality and appearance are obvious. Additionally, the insulation value of **R-16** is one of the industry's best.

FEATURES:

- The **Hampshire 175** is 1 3/4" thick (measured through endcaps) and has a polyurethane insulating core with an R-value of 16.
- Both interior and exterior skins are hot-dipped galvanized steel (.016" thickness) pre-finished with an epoxy primer and a baked-on polyester top coat.
- Sections have a thermal break and dual weather seal between the sections for tight closure and energy efficiency.
- **Limited Lifetime Warranty** on door sections.

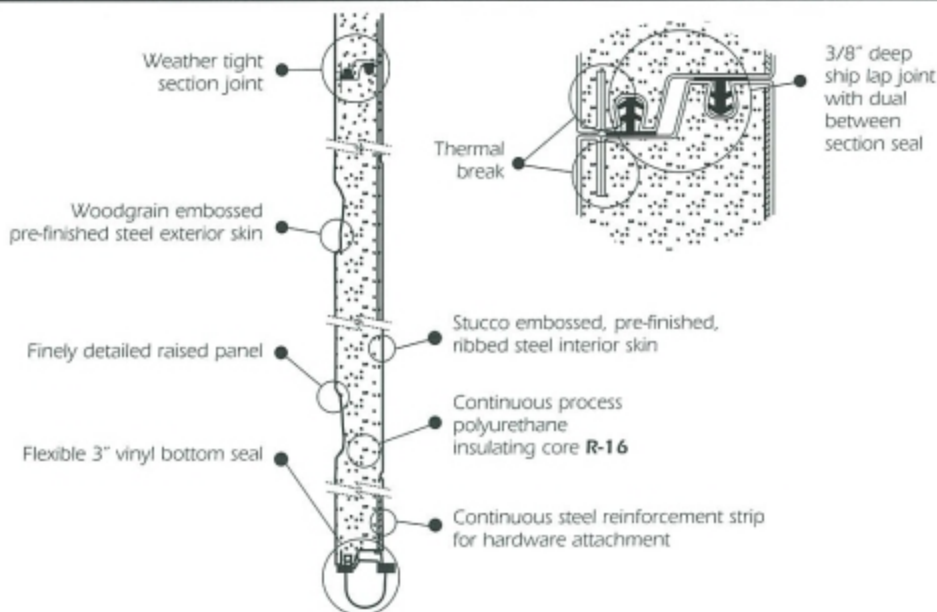

APPEARANCE:

- The **Hampshire 175** features a finely detailed embossed wood grain surface and is available in Colonial or Ranch raised panel designs as well as a Flush panel to compliment a variety of architectural styles.
- Colors available are **WHITE, ALMOND, BROWN, SANDTONE** and **GRAY**. Most colors are stocked in standard sizes. Although these doors should never need repainting, if a custom color is required, our paint system provides an excellent base for any field applied paint that is appropriate for steel.

TOP QUALITY HARDWARE:

- Heavy-duty track with a unique elliptical curve reduces the force necessary to roll the door along the track making opening and closing easier and smoother.
- Heavy gauge hinges offer superior strength and years of trouble-free operation.

Specifications

Sizes Available

Hampshire Lifetime Limited Warranty

In addition to the standard One Year Limited Warranty offered on all its products, General Doors Corporation warrants the door sections of its Hampshire model door against delamination and deterioration due to rust resulting from the paint finish cracking, splitting, or peeling in residential single family installations for the lifetime of the door to the original purchaser. If your garage door does not conform to these warranties, notify the dealer from whom the door was purchased. If any door sections are found defective upon inspection by an authorized General Doors representative, General will replace or repair, at its option, the defective sections.

This warranty covers the door section(s) only, and does not apply to other parts of the garage door or its operating hardware. This warranty also does not apply to any damage or deterioration caused by abuse, the presence of foreign substances, applied paint failure or failure to provide reasonable or necessary maintenance. Labor charges for installation shall be the responsibility of the owner. General Doors is not liable for consequential or incidental damages, or for any other direct or indirect cause.

All other warranties, express or implied, including any warranty of merchantability are hereby expressly excluded.

This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.
