

Zip-Roll Screen

Enjoy Outdoor
Living Indoors!

Note: Screen is to be mounted on face of outside trim.

Convert an existing space into a summer family room with the ZIP-ROLL Screen!

Now you can enjoy outdoor living indoors. The ZIP-ROLL Screen is ideal for inexpensively converting your garage, carport, covered patio, breezeway or porch to a summer family room. For summertime cookouts and insect free living, use the ZIP-ROLL Screen to create a space for your family and friends to enjoy without expensive alterations.

Consider the features:

- **Rolls up out of way when not in use** by means of cords and pulleys. Sure grip cord lock holds it securely in place. Will not interfere with operation of sectional garage doors.
- **No door necessary.** Pass in or out through either zippered side.
- **ZIP-ROLL Screen utilizes strong fiberglass screen**, weather resistant zippers, heavy duty plated hardware, and #4 $\frac{1}{2}$ glazed cotton pull cord.
- **The complete unit is smooth operating**, trouble free with no complicated mechanisms.
- **Hammer, saw, and knife are the only tools necessary** for installation. Comes in a small carton with easy-to-follow steps for the do-it-yourselfer. Nails and mounting screws are provided.
